

## **Candidate for MBTCA 2<sup>nd</sup> Vice President – Debbie Takayama**

Hello MBTCA Members,

I am Debbie Takayama, and have been a member of the MBTCA since 1992. Since being involved in this breed and club, I have been fortunate to show 25 mini bulls to their championships; many breeder-owner handled.

Over the past four years I have been a member of the MBTCA Board as a member at large. It has been my privilege to work for our club and membership in such a valuable way. I believe in fair and unbiased representation, and that every member counts.

Many things have been accomplished these past few years, but more is needed. I understand how a board needs to function, with individual voices that must come together as a team to achieve common goals. I recognize and believe supporting at the national and local level is central to the well being of all.

We have such a wonderful breed that needs purposeful promotion and an increased focus on health and rescue. I support rescue and am personally active locally. It is important in my life to give back to those things I love and care for. Anyone who knows me knows how truly I speak.

I hope you will support me as your choice for 2<sup>nd</sup> Vice President. I am here for our minis and I am here for you. Anyone with questions, or needing help with our breed please feel free to contact me.

I'd like the opportunity to continue to listen to, and serve the membership, and help advance our club and breed. Please reach out to me if you have questions, share ideas, or just want to talk mini bulls.

Thank you for your consideration, would love to hear from you,

Debbie Takayama
