

## Pamela Bulkley Treasurer

Hello, I'm Pamela Bulkley and I would like to be your new Treasurer.

My family and I have owned Bull Terriers and Miniature Bull Terriers for 37 years. I have bred, exhibited, and participated in Conformation, Barn Hunt, Agility and currently learning Scent Work. I'm a softie for all dogs and have had many rescue dogs alongside my Bullies. I feel it's a balance of love for all dogs and preservation for my breed.

I have always enjoyed volunteering for clubs and organizations throughout my life. In that capacity, I have held most positions for the clubs. Too many to list, but here are a few that prepared me for the position that I am most interested in and which I am volunteering for. The positions that involved financial knowledge was with the AYSO 1079 in Mesa, Arizona for over three years. I was responsible for receiving and documenting all club monies. This was close to \$18,000 just for registration fees. I ordered and distributed monies for the uniforms and equipment for the club. I was responsible for organizing travel, hotels and I collected monies for traveling teams. Also, I was the record keeper for all bank accounts and gave monthly reports to the AYSO. I use EXCEL spreadsheets for my accounting.

Crunching numbers and keeping accounts accurate is right up my alley and I'm comfortable with this position. I helped create and was the President of one of my children's Choir Club and again pulled from my financial and practical experience when we traveled to New York to perform at Carnegie Hall. I previously served as Vice President of the Bull Terrier Club of Central Arizona and continue to serve on the board. I have assisted this club with all aspects of our show. I am familiar with the American Kennel Club and its workings in reference to how they expect our breed clubs to function. I have spent years working alongside Superstition Kennel Club to create our premium lists, ordering ribbons and trophies, submitting all paperwork to the Superintendent and host all breed kennel club. All of this has given me the knowledge and experience to work on and with the Parent Club's Board of Directors.

I traveled to Modesto, Ca for the 2017 Van Hildrikhusen Trophy Show where I was responsible for parts of the hospitality and was able thru my previous pageant experience to procure the gift bags at a greatly discounted price. I thoroughly enjoyed my time assisting the ring steward with the entrants, judges, trophies, and ribbons.

I am hoping you will consider my willingness and experience to work for the MBTCA. I really like working with people and to blend this with my love for dogs is a wonderful opportunity. I am currently a Member of MBTCA, BTCCA, MBTCSC and Superstition Kennel Club.

Handling finances is much easier than handling a Mini Bull, now smile!  
I would sincerely appreciate your vote.
