

Hello MBTCA members,

My name is Luis Flores, and I am running for MBTCA 2nd Vice President. I bring camaraderie, and a high level of excitement and dedication to continuing breed education and a focus on health. I lead by example, creating a positive atmosphere for everyone. I have excellent people management and advertising skills. Most of all, I am dedicated to listening to people/members input and opinions.

I believe I will be a positive addition to the board. Attributes I bring to the board include:

- Strong ethics and morals. I believe in doing things in a just and honorable way.
- I always maintain an upbeat attitude and enthusiasm in everything I do.
- I believe strongly in transparency and inclusiveness. This is an absolute must to maintain the trust of our membership.

My Qualifications

I have previous Board experience: as the President of the MBTC of Southern California for 4 ½ years. In that time, SoCal membership grew significantly and gained quite a following. This is in part because I strive to create a warm, welcoming, friendly atmosphere for everyone. I plan to do the same for the MBTCA. I will bring what I brought to the Southern California club: a new level of inclusiveness, improved communication with the members and transparency. When this happens, people feel involved, and they have fun. Fun is what I want everyone to have.

The ‘nuts and bolts’ of club operations are the Constitution, By Laws, along with the Policies and Procedures. These things are important; however, I think what makes people want to join and participate in a breed club are: a focus on a common goal, in this case improving the miniature bull terrier; the fun they have; and the people they meet.

I am a successful entrepreneur and carry the position of CEO for two of our three family-owned companies. I am business savvy and I know how to get things done. I like both learning new things and teaching. I devote time to mentor children. I focus on teaching important life skills including how to be respectful and how to handle confrontation without anger.

I am a hard worker and am willing to pitch in wherever needed. At a show, I am usually hustling up and down carrying something or helping others. I encourage fellow competitors. I am always willing to help, so please never hesitate to say hello or ask a question. With 25 years running our family businesses, I am sure I can fulfill the roll

of 2nd Vice President for the MBTCA. I look forward to fulfilling this leadership role for you, the members, and of course our beloved Miniature Bull Terriers.

I believe I am an excellent candidate for the BOD where I can bring my ethical leadership, transparent communication, and enthusiastic approach, all of which are needed to help grow the MBTCA into a better, more inclusive and encouraging club. I look forward to working with and for you. Please don't hesitate to reach out!
